

MY CREED

I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare;
I would be friend to all—the foe, the friendless;
I would be giving, and forget the gift;
I would be humble, for I know my weakness;
I would look up—and laugh—and love—and live.
—Howard Arnold Walter in Sand Lake Herald.

THE NEXT IMPORTANT TASK

The Torrance Fiesta was a success from every point of view. It was a credit to the city and the men who put it through.

The same men, the same energy and push and determination and pull-together spirit, can put through the next big task ahead of Torrance—the completion of the Torrance Auditorium.

It is a task fully as important, as necessary, and more so, as worth-while as the Fiesta.

The jeer of the young men that "this town hasn't even a movie show" ought never to have been permitted, and should no longer be allowed to be true.

Whatever the cause of the delay in the completion of the Auditorium building, it should be forgotten, and ways and means found to put the job through.

The spirit that put the Fiesta through can do it, and should do it.

The delay means the loss of many hundreds of dollars monthly to the business men of Torrance, it is estimated, but it means more than the loss of business. It means there is something lacking in the life and spirit of the community as well.

Public spirit, self-interest, demand immediate remedy of the situation.

Some way should be found to give Torrance a moving picture show at once if it has to be housed in a big tent, as were the chautauqua and the Fiesta exhibits.
